To whom it may concern,

I benefitted greatly from the information I received in my intuitive I Ching/Tarot business reading with Vicki Rose earlier this year. I want to express gratitude in this testimonial.

I came to the reading with some possible new directions I might wish to pursue professionally, and via the insights expressed very clearly through Vicki, was able to prioritize my immediate goals. I felt very satisfied during and after the reading, and appreciated Vicki's attentive and sincere interpretations. The craft she utilized was both interesting and concise, and helped me to confirm many points of personal and professional concern.

I recommend that anyone at personal or business crossroads work with Vicki---things will become very clear. Her manner is congenial and supportive at all times.

Sincerely,
